

EAGER FACES AWAIT SANTA SATURDAY — When Santa Claus, lower right, came to town Saturday, many eager children lined the streets to see him ride in on the fire truck. Clyde Flenniken, upper right, did not let the casts on his legs after recent surgery keep him from taking part in the excitement. He is the grandson of Mr. and Mrs. T. W. Flenniken. Tony Wright, four-month-

old son of Mr. and Mrs. James Wright, is a little young to understand what is going on but he was really dressed for the occasion in a red and white suit. His daddy is holding him. Postmaster Asks For Care In Addressing Mail

One of the biggest problems postal employees face is illegible handwriting. At Christmas time, when mail volumes skyrocket, this can become a major problem. Postmaster Perry Sparks said today.

"The use of ZIP Codes by mailers does help speed up the process because often if the city and state are unreadable the ZIP Code will direct the mail to the post office from which it will be delivered. Clerks in that post office, being more familiar with local residents, may be able to figure out the person to whom the mail should be delivered.

Another significant problem is the number of parcels delayed or actually undelivered because of poor wrapping or packing. Postmaster Sparks urged that special care be taken to see that each package is tightly stuffed and that nothing rattles around inside.

Parcels are generally shipped in bags and often heavier items rest on top of smaller, lighter packages.

All parcels should be addressed on only one side and should have the address written somewhere on the inside of the package in case the exterior wrapping should come off. It is a good idea to also enclose a list of the contents.

Poor packaging and illegible or incorrect addressing accounts for about half a million undelivered parcels each year.

Ministerial Alliance Expresses Thanks for Communities Support

In behalf of the Hamlin Ministerial Alliance, I would like to express our appreciation to each and everyone that has made a contribution to the Community Benevolence Fund. This Fund is used to help people that are in need, since we are somewhat limited in the amount in the fund, we do our best to make it go as far as possible.

Some of the Benevolence Fund is used to carry Christmas baskets to some of our more needy families. We are now making plans to find families that need help. Rev. Kenneth Leverett, pastor of Fairview Baptist Church is in charge of this work this year.

There are some ways in which you can have a part in this work. In the first place, if you know of a family that

needs help, please contact Bro. Kenneth Leverett, or one of the other Ministers in the Alliance. Second, if a Sunday School Class, or some other group, is planning to take a basket to a family, if you would let us know, it would help avoid some duplications. We certainly are not discouraging others giving Christmas baskets, but if we can work together, it will help us spread our work out so that instead of a family getting two baskets, two families can at least get one.

We do our best to check out the families that we help, we find out the number in the family, and if they are really in need. Some families ask for a basket when they have a job, therefore, we do our best to see that those that really need help, will not be forgotten.

Mrs. Leldon Clifton Gives Program for Beta Theta Meet

Beta Theta Chapter of Beta Phi met Wednesday Dec. 1 at 4 p.m. in the home of Mrs. H. D. Stallcup.

Mrs. Leldon Clifton presented a program on "Environment, Health, Work and Play" explaining the part each plays in happiness of the individual. She explained our mental control determines our happiness discipline in our environment.

Environment: all surrounding influences and conditions that make one be and act differently from another. Good health and maintaining it are uppermost in making us happy. Secondly, we all need a good hobby (an active hobby) - choose friends who are happy, fun-loving people. Third, we need a job we like and enjoy. Fourth, if then still unhappy, we best investigate our mental health and attitude.

Don't waste time-keep busy. We can will ourselves to a life of happiness. According to Shakespeare work should

be a blessing for it is a key to happiness. We must learn to put first things first. She concluded with "Live according to the ways of Isaiah 40:31."

Why Not Charge It?

FAIRVIEW NEWS

by Mrs. Elmer Joiner
The farmers all got a good rest last week. Not much rain fell but it was a long time falling, foggy mornings, with some rain and drizzle over the greater part of the week kept everyone out of the fields. Cotton harvest was at a standstill, but after the last two days of sunshine it will be on again in earnest. Such a short time until Christmas, they will all want to finish before then. With the little moisture falling young wheat looks very green and pretty.

Owing to so many having colds and the weather being so bad, prayer meeting was called off last Wednesday night.

Sunday was our day to go to the Holiday Lodge, for the afternoon services. Ten adults were present from our church, but attendance at the services were small from the residents of the home. Some had company, some were going out visiting, and some just didn't feel up to coming. Since Mr. Horace Brown, who had been living here with his wife, for some time had passed away Saturday night, and was a good friend of all of them, they were saddened and upset over it.

Mr. Brown was a long time resident of the Hamlin area.

our sympathy goes out to his family, as well as to his many friends of the Holiday Lodge.

Mr. and Mrs. John Beauchamp visited with Mr. and Mrs. Woodrow Goodwin last Wednesday afternoon.

Mrs. Henry didn't go anywhere last week, it seems that she got grounded for a few days. Monday she was making her bed, when a knee gave away, making her fall, luckily across the bed. She had to go to the doctor and have fluid drained off before she could walk again, but as of Sunday she was as good as new.

Mr. Martin Perry and children, Ricky, Vicky and Laura, of Dumas, were Saturday lunch guests of his brother-in-law, the Kenneth Leveretts. They were enroute to Brownwood, to attend the quarter finals Dumas and Brownwood.

Mr. and Mrs. Fred Rosenbaum were Friday afternoon visitors of the Thomas Moss family, in Anson.

Sunday afternoon visitors of Mr. and Mrs. Flavil Holmes, were Mr. and Mrs. Woodrow Goodwin and Mr. and Mrs. Winslow Gray.

Mr. and Mrs. Woodrow Goodwin are riding around in a new Impala Chevrolet, Sahara Tan in color, since last Thursday.

Mrs. Kenneth Leverett will start teaching school this Monday morning, in Mrs. Grigg's place. Mrs. Griggs is taking a leave of absence from her teaching to join her husband, who is being sent by the oil company, for whom he works, to Barbados, in the Caribbean Sea, just off the coast of Venezuela, which is a country in northern South America. This should be a very interesting interlude for Mrs. Griggs, to see these countries, and since Mrs. Leverett loves

teaching, it will be interesting for her also. Mrs. Stella West will care for Mrs. Leverett's children, while she is at work.

Mrs. Fred Rosenbaum and Mrs. Elmer Joiner went to the hospital Sunday afternoon, to visit with Mrs. C. C. Renfro. Mrs. Renfro will move this Monday morning from the hospital to Holiday Lodge. It

seems that some of her family were busy Sunday afternoon moving some of her furniture from her home to the Lodge. It makes a person happier to have some of their own belongings around them and they have that arrangement at the home, some of the rooms are not furnished and the residents can bring their own furniture.

EMERGENCY LINE GUIDE — What do you do when you're on a fishing trip and you break a line guide on your only fishing rod? Here's one answer to the problem. Just clip the catch section off a safety pin. Bend shank so legs project both ways from eye. Lash these legs to rod with monofilament. Works great!

This was a good way to start the Thanksgiving Season, and as all the seniors agree, the only way to have a Chemistry class.

That afternoon Ann Kemp served the first and second graders cookies and punch for their holiday treat. The children really enjoyed it, especially the pictures that were taken of them to be in the annual.

After a happy Thanksgiving, McCauley School opened in full swing. Starting the week off with a bang was the opening of the 1965-1966 Basketball Season. I suppose the members of the team were too full of turkey, for the Jr. High School met defeat in the opening games of the season. Although the beginning was grim, the future for the teams look bright.

Plans for the Yule Tide season are well underway. The rooms are beginning to have that happy holiday season look, and the kids are trying to be especially nice, so Santa will be sure to have their name on his Christmas list. In the early mornings, the gym is filled with the merry voices of the 1st, 2nd, 3rd, 4th, 5th, and 6th grades as they practice for the annual Christmas program. The 7th and 8th grades are working on the Nativity Scene which ends the yearly program, leaving in the hearts of those present, a feeling of the real meaning of Christmas, sending each on his way for the Christmas season.

In order to capture the real meaning of Christmas, it is important to give and, to make that gift mean a little more, give something you have taken the time to make yourself. This is what the Lone Star Gas home economist from Abilene told the High School girls, teachers, and mothers, Thursday, while showing interesting gift ideas. The students and adults were eager to try the ideas of our own.

Friday and Saturday, the High School teams were in a tournament at Hermleigh. The girls lost both games. The boys played for consolation but were defeated by the Rotan Yellowhammers.

This weekend, the basketball teams will participate in the tournament at Roby. We need all the backing we can get and are depending on YOU to give it to us, DON'T LET US DOWN, come watch us play.

The Jr. High will compete in the Noodle Jr. High Tournament this weekend also. Remember to give them your support.

If you can't make the high school games, go see the Jr. High play. You should have an opportunity to witness some thrilling games.

More people buy Chevrolets? **Yes!**

Than any other make car? **Yes!**

Any other? **Yes!**

There must be reasons. **Sure!**

Name ten. **OK:**

1. All these comforts are available: steering wheels that tilt or tilt and telescope; AM/FM Multiplex Stereo radio, first ever offered in cars; and Strato-bucket seats (to give you just a sampling).

2. Comforton automatic heating and cooling you can order—Just dial the temperature and turn it on; Comforton automatically keeps you comfortable no matter what the weather outside.

3. More engine choices—the widest horsepower range available: the 425-hp Turbo-Jet V8 in Chevrolet and Corvette to a 90-hp Four in Chevy II.

4. Body by Fisher—Craftsmanship by the world's best known coachmakers with everything from luxurious interiors to the long luster Magic-Mirror acrylic lacquer finish.

5. Self-cleaning rocker panels flush out salt and other corrosives with rainwater, dry themselves with outside air—another way Chevrolet takes extra care so you needn't bother.

6. A hushed and gentled ride with body mounts designed to isolate vibration better and shock absorbers matched to body style—coupe, sedan, convertible, wagon.

7. America's only rear-engined car, Corvair, with more weight over the driving wheels where you need it and less on the steering wheels where you don't.

8. America's only true sports car, Corvette, with fully independent suspension, four-wheel disc brakes and engines you can order up to 427 cubic inches.

9. Higher resale value—Chevrolets traditionally are worth more at trade-in time because more people want Chevrolets... new or used.

10. All these safety features standard now: seat belts, front and rear; padded dash and sun visors; outside mirror (use it always before passing); shatter-resistant inside mirror; 2-speed electric windshield wipers for better visibility in a downpour; windshield washers; back-up lights.

EAGER FACES AWAIT SANTA SATURDAY — When Santa Claus, lower right, came to town Saturday, many eager children lined the streets to see him ride in on the fire truck. Clyde Flenniken, upper right, did not let the casts on his legs after recent surgery keep him from taking part in the excitement. He is the grandson of Mr. and Mrs. T. W. Flenniken. Tony Wright, four-month-

old son of Mr. and Mrs. James Wright, is a little young to understand what is going on but he was really dressed for the occasion in a red and white suit. His daddy is holding him. Carl Wade, lower left, holds his mother's hand and watches Santa on his first visit to Hamlin this year. He is the son of Mr. and Mrs. David Wade. (Tim Jones Photos)

Ministerial Alliance Expresses Thanks for Communities Support

In behalf of the Hamlin Ministerial Alliance, I would like to express our appreciation to each and everyone that has made a contribution to the Community Benevolence Fund. This Fund is used to help people that are in need, since we are somewhat limited in the amount in the fund, we do our best to make it go as far as possible.

Some of the Benevolence Fund is used to carry Christmas baskets to some of our more needy families. We are now making plans to find families that need help. Rev. Kenneth Leverett, pastor of Fairview Baptist Church is in charge of this work this year.

There are some ways in which you can have a part in this work. In the first place, if you know of a family that

needs help, please contact Bro. Kenneth Leverett, or one of the other Ministers in the Alliance. Second, if a Sunday School Class, or some other group, is planning to take a basket to a family, if you would let us know, it would help avoid some duplications. We certainly are not discouraging others giving Christmas baskets, but if we can work together, it will help us spread our work out so that instead of a family getting two baskets, two families can at least get one.

We do our best to check out the families that we help, we find out the number in the family, and if they are really in need. Some families ask for a basket when they have a job, therefore, we do our best to see that those that really need help, will not be forgotten.

Postmaster Asks For Care In Addressing Mail

One of the biggest problems postal employees face is illegible handwriting. At Christmas time, when mail volumes skyrocket, this can become a major problem. Postmaster Perry Sparks said today.

"The use of ZIP Codes by mailers does help speed up the process because often if the city and state are unreadable the ZIP Code will direct the mail to the post office from which it will be delivered. Clerks in that post office, being more familiar with local residents, may be able to figure out the person to whom the mail should be delivered."

Another significant problem is the number of parcels delayed or actually undelivered because of poor wrapping or packing. Postmaster Sparks urged that special care be taken to see that each package is tightly stuffed and that nothing rattles around inside.

Parcels are generally shipped in bags and often heavier items rest on top of smaller, lighter packages.

All parcels should be addressed on only one side and should have the address written somewhere on the inside of the package in case the exterior wrapping should come off. It is a good idea to also enclose a list of the contents.

Poor packaging and illegible or incorrect addressing accounts for about half a million undelivered parcels each year.

Mrs. Leldon Clifton Gives Program for Beta Theta Meet

Beta Theta Chapter of Beta Phi met Wednesday Dec. 1 at 4 p.m. in the home of Mrs. H. D. Stallcup.

Mrs. Leldon Clifton presented a program on "Environment, Health, Work and Play" explaining the part each plays in happiness of the individual. She explained our mental control determines our happiness discipline in our environment.

She stressed the meaning of personality and environment. Personality: personal or individual quality that makes one person differ from another. Environment: all surrounding influences and conditions that make one be and act differently from another. Good health and maintaining it are uppermost in making us happy. Secondly, we all need a good hobby (an active hobby) - choose friends who are happy, fun-loving people. Third, we need a job we like and enjoy. Fourth, if then still unhappy, we best investigate our mental health and attitude.

Don't waste time-keep busy. We can will ourselves to a life of happiness. According to Shakespeare work should

be a blessing for it is a key to happiness. We must learn to put first things first. She concluded with "Live according to the ways of Isaiah 40:31."

The students of Hamlin High have resumed their normal pace after numerous exciting games in our tourna-

ment. In the girls division, Hamlin placed first, Aspermont second, Coleman third, and Knox City consolation. In the boys division, Knox City placed first, Aspermont second, Haskell third, and Jayton consolation. Girls receiving all

all tournament awards were as follows: Judy Jenkins, Hamlin; Kay Hodnett, Hamlin; Donna Compton, Hamlin; Barbara Tuckers, Coleman; Katy Cane, Jayton; Linda Winter, Aspermont; Wilma Fahring, Knox City; and Carolyn Crowner, Knox City. Boys receiving all tournament awards were as follows: James Ledbetter, Hamlin; Earl Coplen, Aspermont; Chris Pena, Aspermont; Alex Watson, Knox City; Gerald Murrell, Jayton; Carl Brock, Knox City; Ronnie Jeslett, Haskell; and Kenny Link, Stamford. The Cheerleaders wish to thank each of the students for attending the tournament and yelling with them. They really appreciate this.

The Library Club met Friday to plan their annual Christmas party which will be on December 14. They also made plans for a party to be given for some pre-school children. They are buying books for these children instead of exchanging gifts among themselves.

Mrs. Simmons' third year Homemaking classes have really been busy this week. The Seniors in these classes took the Betty Crocker Test Thursday. These tests will be sent in with other tests from other schools, and the winner will be awarded a scholarship. Wouldn't Mrs. Simmons be pleased if one of her girls won? Glenda Hudspeth and Revonna Robertson went to Lubbock Saturday as contestants in the District Wool Contest.

After a long wait, and much anxiety, the winners were announced. Glenda was announced as the first place winner. She will now go to College Station Jan. 8. The winner there will go to Portland, Ore. Jan. 20, and the winner there will go on to Paris. Good luck Glenda!

This week is another busy one for our basketball players. Monday we played an unscheduled game at Spur. Tuesday night we played Merkel, here. Thursday, Friday, and Saturday the girls play in the Wylie Tournament, and the boys play in the Haskell Invitation Tourney.

The Band will have their Seventh Annual Christmas Festival Dec. 20 at 7:30 p.m. in the High School Auditorium. This Festival will feature the Hamlin Concert Bands and Stage Bands. The Admission is 75 cents. If anyone is interested in obtaining a ticket, please contact any member of the Band.

FAIRVIEW NEWS

by Mrs. Elmer Joiner
The farmers all got a good rest last week. Not much rain fell but it was a long time falling, foggy mornings, with some rain and drizzle over the greater part of the week kept everyone out of the fields. Cotton harvest was at a standstill, but after the last two days of sunshine it will be on again in earnest. Such a short time until Christmas, they will all want to finish before then. With the little moisture falling young wheat looks very green and pretty.

Owing to so many having colds and the weather being so bad, prayer meeting was called off last Wednesday night.

Sunday was our day to go to the Holiday Lodge, for the afternoon services. Ten adults were present from our church, but attendance at the services were small from the residents of the home. Some had company, some were going out visiting, and some just didn't feel up to coming. Since Mr. Horace Brown, who had been living here with his wife, for some time had passed away Saturday night, and was a good friend of all of them, they were saddened and upset over it.

Mr. Brown was a long time resident of the Hamlin area.

our sympathy goes out to his family, as well as to his many friends of the Holiday Lodge.

Mr. and Mrs. John Beauchamp visited with Mr. and Mrs. Woodrow Goodwin last Wednesday afternoon.

Mrs. Henry didn't go anywhere last week, it seems that she got grounded for a few days. Monday she was making her bed, when a knee gave away, making her fall, luckily across the bed. She had to go to the doctor and have fluid drained off before she could walk again, but as of Sunday she was as good as new.

Mr. Martin Perry and children, Ricky, Vicky and Laura, of Dumas, were Saturday lunch guests of his brother-in-law, the Kenneth Leveretts. They were enroute to Brownwood, to attend the quarter finals Dumas and Brownwood.

Mr. and Mrs. Fred Rosenbaum were Friday afternoon visitors of the Thomas Moss family, in Anson.

Sunday afternoon visitors of Mr. and Mrs. Flavil Holmes, were Mr. and Mrs. Woodrow Goodwin and Mr. and Mrs. Winslow Gray.

Mr. and Mrs. Woodrow Goodwin are riding around in a new Impala Chevrolet, Sahara Tan in color, since last Thursday.

Mrs. Kenneth Leverett will start teaching school this Monday morning, in Mrs. Grigg's place. Mrs. Griggs is taking a leave of absence from her teaching to join her husband, who is being sent by the oil company, for whom he works, to Barbados, in the Caribbean Sea, just off the coast of Venezuela, which is a country in northern South America. This should be a very interesting interlude for Mrs. Griggs, to see these countries, and since Mrs. Leverett loves

teaching, it will be interesting for her also. Mrs. Stella West will care for Mrs. Leverett's children, while she is at work.

Mrs. Fred Rosenbaum and Mrs. Elmer Joiner went to the hospital Sunday afternoon, to visit with Mrs. C. C. Renfro. Mrs. Renfro will move this Monday morning from the hospital to Holiday Lodge. It seems that some of her family were busy Sunday afternoon moving some of her furniture from her home to the Lodge. It makes a person happier to have some of their own belongings around them and they have that arrangement at the home, some of the rooms are not furnished and the residents can bring their own furniture.

Bend shank so legs project both ways from eye. Lash these legs to rod with monofilament. Works great!

More people buy Chevrolets? **Yes!**

Than any other make car? **Yes!**

Any other? **Yes!**

There must be reasons. **Sure!**

Name ten. **OK:**

1. All these comforts are available: steering wheels that tilt or tilt and telescope; AM/FM Multiplex Stereo radio, first ever offered in cars; and Strato-bucket seats (to give you just a sampling).
2. Comforton automatic heating and cooling you can order—Just dial the temperature and turn it on; Comforton automatically keeps you comfortable no matter what the weather outside.
3. More engine choices—the widest horsepower range available: the 425-hp Turbo-Jet V8 in Chevrolet and Corvette to a 90-hp Four in Chevy II.
4. Body by Fisher—Craftsmanship by the world's best known coachmakers with everything from luxurious interiors to the long luster Magic-Mirror acrylic lacquer finish.
5. Self-cleaning rocker panels flush out salt and other corrosives with rainwater, dry themselves with outside air—another way Chevrolet takes extra care so you needn't bother.

6. A hushed and gentled ride with body mounts designed to isolate vibration better and shock absorbers matched to body style—coupe, sedan, convertible, wagon.
7. America's only rear-engined car, Corvair, with more weight over the driving wheels where you need it and less on the steering wheels where you don't.
8. America's only true sports car, Corvette, with fully independent suspension, four-wheel disc brakes and engines you can order up to 427 cubic inches.
9. Higher resale value—Chevrolets traditionally are worth more at trade-in time because more people want Chevrolets... new or used.
10. All these safety features standard now: seat belts, front and rear; padded dash and sun visors; outside mirror (use it always before passing); shatter-resistant inside mirror; 2-speed electric windshield wipers for better visibility in a downpour; windshield washers; back-up lights.
